PROFESSIONAL SUMMARY

Technically fluent product manager with 10+ years across product management, software engineering, and 0-to-1 delivery. Built an AI-powered B2B insights platform from concept to a live product and shipped enterprise products delivering approximately $1M in annual savings, contributing to 4% YoY revenue growth, and automating 10,000+ work hours monthly. Combines customer-focused product strategy with practical fluency in APIs, data systems, cloud infrastructure, and ML-powered features.

PROFESSIONAL EXPERIENCE

Founder & Product Manager, BoloBit · *Los Angeles, CA* 2025–Present

- **AI insights product:** Built a B2B survey and insights platform from 0 to 1, live at bolobit.io; own product strategy, discovery, UX, roadmap, analysis design, and delivery.
- Designed sentiment, behavior, and intention analysis to translate feedback into predicted business impact and recommended actions, reducing insight-to-decision time from days to under two hours.
- **Production ML feature:** Defined and deployed a trend-prediction API with Python/FastAPI, scikit-learn Random Forest, AWS EC2, and PostgreSQL RDS; selected signals, established scheduled retraining, and added a fallback for sparse data.
- Owned problem definition, model signals, platform integration, and production operation; used AI pair-programming with human review and validation.

Product Manager, Viacom18 · *Mumbai, India* Dec 2018–Oct 2021

- Led a 0-to-1 advertising optimization engine replacing a third-party solution, generating approximately $1M in annual savings and contributing to 4% YoY revenue growth.
- Delivered a Traffic Order Management System across six enterprise applications, automating 10,000+ work hours per month; implemented 20+ API integrations and Jenkins CI/CD.
- Managed five vendors and achieved $110K+ in vendor savings while partnering with business and engineering teams on enterprise workflow modernization.

Product Manager, High Furtados · *Mumbai, India* Jul 2017–Nov 2018

- Revived an 18-month-stalled product and shipped an MVP in three months; promoted to Lead Product Manager. Delivered a six-module B2C platform contributing to 30% customer growth and 90% customer satisfaction.

Core Team — Product & Sales, Snaptasker · *Bangalore, India* Oct 2015–Nov 2016

- Helped launch a B2B marketplace MVP in four months; reached 100 transactions within six months and contributed to 30% client growth and 14% revenue growth.

Full Stack Developer, Tesco · *Bangalore, India* Nov 2011–Jan 2014

- Built .NET/SQL supply-chain modules and led desktop-to-cloud migration, improving load time by 150%; recognized in a 2013 company hackathon.
